

## CADETS WERE OUTCLASSED

University of Vermont Won Easily, 16 to 0

## IN GAME OF BUT ONE HALF

Second Half Called Off Because of Bad Condition of the Ground, the Management Wanting to Prevent Injuries.

Northfield, Nov. 16.—The Norwich football team was no match for the university of Vermont yesterday afternoon, and in a game of but one half was defeated by the score of 16 to 0. The second half was not played because of a well-developed blizzard which swept across the parade and because both managements wished to protect their players from severe injuries on the frozen ground. As it was, three men had to leave the game. The Vermont full back got a rap on the head which dazed him and left him in a dazed condition. He was led from the field, protesting, but he was in such condition that he couldn't understand the signals. After the game he came around all right. The Norwich center and left end also left the game on account of slight injuries.

The home team had chances to score the ball twice, but each time was forced to punt, after short advances, the visitors putting up a strong defensive as well as offensive game. Vermont was not once held for downs during the half. Her interference moving quickly got the jump on Norwich and aided by the frozen ground swept the cadets' line back easily. And while the slippery surface helped along their mass plays, it retarded the round the end plays, so that with the exception of a run of 80 yards by Watkins the main game was a series of tried quarter back runs without success. Norwich kicked off and Woodman took the ball, advancing to the 25 yard line. From that point Vermont walked straight down the field for a touchdown. Watkins failed to kick the goal. Norwich received the next kick-off, and was obliged to punt. On the very first play Watkins got away around left end and aided by good interference went 80 yards for a score, several would-be tacklers being thrown off by interference. Watkins kicked the goal, making the score 16 to 0.

Norwich elected to receive the kick-off but its interference couldn't penetrate the Vermont defense, so that the ball had to be surrendered on a punt. The visitors then started after another touchdown, which they secured by gains ranging from two to ten yards, the ball crossing the line at the center. The punt out was fumbled, and the chance for goal was lost. Norwich kicked off, and the ball sailed over the goal line. Vermont punted from the 25 yard line and time was called just as Norwich caught.

**NORWICH VERMONT**

**LABOR RESOLVE.**

Federation Wants Government to Build Its Own Ships.

Pittsburg, Pa., Nov. 16.—The American Federation of Labor adopted a measure yesterday morning in the shape of a demand that all government ships, munitions of war, including equipment, etc., be hereafter constructed by the government in navy yards and arsenals. Ten minutes later a resolution was introduced by the Leather Workers' National Union denouncing the labor conditions which now exist in the Rock Island arsenal.

The resolution stated that, so far as the leather workers are concerned, the arsenal is no better than a huge sweat den. Both resolutions were passed unanimously.

A statement that the employees of the French navy yards are on a gigantic strike yesterday morning was circulated and caused a dampening of the paternalistic enthusiasm somewhat. The morning session lasted only an hour, adjourning until 2 p. m.

## ANDREW MACK'S STORY.

Andrew Mack, the well known artist, says: "When I was a boy, it was always on hand at our house, and whenever I was down from hard work I have always used Father John's Medicine."

Builds up the body by nourishing the blood and nerves, drives out the impurities, corrects the stomach with a gentle laxative effect. Not a patent medicine, no poisonous, nerve-debilitating drugs upon which the majority of them depend for their temporary effects. Fifty years in use. Prevents consumption.

**FATHER JOHN'S MEDICINE**

Drives impurities out of the blood, and poisonous waste matter out of the system. Builds up the tissues. That is why it PREVENTS PNEUMONIA.

**Catarrets**

Relieve Nasal Catarrh, allay inflammation, soothe and heal the mucous membrane, sweeten and purify the breath. Best gargle for Sore Throat. 50c. or \$1. Druggists or mail.

**Dyspeplets**

Give instant relief in Sour Stomach, Heartburn, Nausea, all discomforts of indigestion and dyspepsia. Pleasant and economical. Medium size, 25c.; Large, 50c.; Pocket, handsome aluminum bonbonniere, 10c. Druggists or mail. C. I. HOOD CO., Lowell, Mass.

## JOHN L'S FIRST FIGHT.

Corbett Rakes Up Some Ancient History Back in 1880.

"The first time John L. Sullivan fought," says Jim Corbett, "was at Harry Hill's old dance hall in New York in the winter of 1880. The dance hall was one of the notorious places of old Gotham, but Hill always saw that everybody got a square deal.

"In those days it was young Johnny Sullivan of Boston. Hill's stage manager Tom Campbell liked the New England boy and asked of him if he would take a chance against Steve Taylor, who was then reputed to be the most scientific boxer in the United States. Sullivan answered in the affirmative and the battle was arranged.

"The men met without any of the preliminary talk and arguments over rules. Taylor did all the preliminary talking and dancing around, while young Johnny stood in the middle of the ring in a composed manner. The inability of the clever Taylor to move the Boston strong boy made him fidget around the ring in a more nervous fashion than ever. Sidestepping, feinting and shooting out blows failed to feaze Johnny. The bout had gone along but a short distance when Sullivan let drive one of those blows that won him so many fights in later years. It landed on the point of the jaw and Taylor went down and out for fully five minutes.

"That was the beginning of the career of Sullivan."

## O'LEARYS 3 STRAIGHT, EUREKAS GOT TWO.

Barre Bowlers Continue to Show Their Superiority Over the Montpelier Enthusiasts in Intercity League.

The O'Learys of this city and the Students of Montpelier had a four-day bowling match at Alexander's alleys last evening, at which the O'Learys took all three strings. The game was one which had been scheduled in the Intercity league, but the Students could only bring up four men, so they came with four. As it happened, the O'Learys were expecting to use two substitutes, as two of their regular players were away, so they simply used one substitute and played with four men, as did the Students. Burnham of the O'Learys had high single, as well as high three string total, being respectively 300 and 512. The score:

O'LEARYS.			
Trenoweth	148	184	492
Burnham	171	141	520
Benis	157	165	448
Monahan	158	137	444
Totals	643	627	1893
STUDENTS.			
Rivett	124	193	428
Peene	152	132	424
Davis	121	163	412
E. Felt	138	112	407
Totals	535	600	1659

## CAPITOLS TOOK ONE.

But the Eureka Took Two at Montpelier Last Night.

The Eureka of this city captured two out of three strings from the Capitals on the Montpelier alleys last evening, and only lost the third by unusually good bowling on the part of the down-the-street bowlers. Smith of the Eureka had the highest single of 214, and Kellogg of the Capitals the highest three string total of 574. The teams were tied in the highest single string team total at 877. The scores:

EUREKAS.			
Smith	214	132	446
Rydberg	182	155	460
Nute	194	174	415
Taylor	122	157	414
Walsh	165	197	444
Totals	877	835	3661
CAPITOLS.			
Kellogg	202	131	421
Marquette	169	167	438
Fisher	115	164	438
Blood	155	146	402
Gill	138	153	443
Totals	779	811	3661

## BROKE WORLD'S RECORD.

Cleveland Bowler Hangs Up a Total of 738.

Canton, O., Nov. 16.—At the state bowling tournament here Tuesday afternoon, L. Frantz of Cleveland rolled 738. This is claimed by members of the Ohio Association to be the highest individual score ever rolled at a tournament, thereby breaking the world's record.

## Two More Raids on "Doctors."

Boston, Nov. 16.—Two more raids were made late yesterday afternoon on doctors' places, suspected of being run illegally, on Tremont street. Sergeant Kenny and five men went to Dr. French's office at No. 175 Tremont street, found the door locked and smashed it in with a sledge. Nobody was found in charge of the four rooms and no evidence was taken. About the same time a second raid was made by Sergeant Bowler and five men on the office of Dr. Gahan at No. 224 Tremont street. The door was found unlocked and the officers were invited in by the doctor and his assistant, a young man. The policemen found nothing in the way of evidence there.

## HARRIMAN IS CALLED

Financier Takes the Stand to Reply to Hyde.

## O'DELL ASKS TO TESTIFY.

Hyde Says Frick, Tarbell, Gould and Young Tried to Buy His Control—Officers' Secret Deals.

New York, Nov. 16.—Edward H. Harriman, president of the Union Pacific Railway company, who, with Mr. Frick and others was so bitterly assailed Tuesday by James Hazen Hyde, testifying before the insurance investigating committee, was called to the stand yesterday afternoon by Mr. Hughes.

As he was sworn the crowd present strained forward eagerly in anticipation of a vigorous reply to Mr. Hyde. Mr. Harriman was first questioned as to the Union Pacific pool. He corroborated the testimony given by Hyde on Tuesday as to this matter. He admitted he told Hyde that the Equitable could not figure in the pool as a corporation, but he looked to Hyde personally.

He also admitted that he asked Hyde to maintain secrecy regarding the pool arrangement, and added that Jacob H. Schiff was not cognizant of the facts in the case.

Mr. Hyde continued his testimony yesterday. Mr. Hyde declared he had four offers for his Equitable stock control previous to his negotiation with Mr. Ryan—the offers ranging from \$1,000,000 to \$7,000,000, and one of them, that of Mr. Frick, being associated in Mr. Hyde's mind with the then forthcoming Frick report, which witness regarded as reflecting severely upon him.

He also denied all knowledge of a plan by which, it is alleged, officers of the Equitable Society bought securities in the name of the American Deposit company (later the Equitable Trust company), and then sold these securities, in the name of the American Deposit, to the Equitable Society, they taking the profits.

Former Governor Odell yesterday afternoon requested Chairman Armstrong of the committee to call him before the committee and give him an opportunity to testify under oath in reply to the testimony given by Mr. Hyde concerning him. The ex-governor declined to make any statement until he is sworn as a witness.

Hyde testified on Tuesday that Benjamin B. Odell, Jr., twice governor of the state of New York, had forced the payment of \$75,000 to himself. He charged Henry C. Frick and Edward H. Harriman with forming a conspiracy to depreciate the value of his Equitable stock and then trying to buy it. He told of how the "yellow dog fund" was the channel through which insurance corruption paid its toll to politicians.

The following were the most striking charges made by James Hazen Hyde in his testimony of Tuesday: That the suit brought against the Mercantile Trust company, a subsidiary company of the Equitable, by ex-governor Odell for recovery of his losses in United States Shipbuilding, was settled for \$75,000 on the advice of E. H. Harriman.

That Mr. Harriman advised Hyde, who was then president of the trust company, that if the settlement were not made the legislature might pass a bill repealing the charter of the Mercantile Trust company, Mr. Odell being governor at that time.

That Mr. Hyde understood such a bill was introduced, and that thereafter, and as a result of the fear of retaliatory legislation revoking its charter, the settlement was made by the Mercantile Trust company.

That Henry C. Frick suggested Hyde's appointment as ambassador to France, and Harriman and others favored the project, because in his absence "they would be enabled to acquire their Equitable stewardship with great profit to themselves."

That Harriman and Frick were urging Hyde not to sell his stock and at the same time "kidding him in the back," while James W. Alexander was also attacking him "under the disguise of mutualization."

That the Frick committee was in a big conspiracy to take away control of the Equitable from Hyde, and that its report was unfair, that the members of the committee decided to seize control of the stock of the society after destroying its market value, and that to this end Mr. Frick carried on a "reign of terror" in the executive committee of the society.

That Mr. Frick advised Hyde to move the adoption of the famous Frick report, which, so his counsel had advised Mr. Hyde, would have resulted in throwing the Equitable into the hands of a receiver.

That \$50,000 had been contributed by the Equitable to the Republican National committee for the last presidential campaign, and that Mr. Hyde had directed the payment of \$25,000 of this on the personal advice of H. C. Frick, a point not mentioned in the Frick report.

That Hyde personally made good \$212,000 of the famous \$655,000 "J. W. A. No. 3" "yellow dog" fund, and

## INTERESTING FACTS

Remarks by an Observer.

"It seems strange to me," remarked a prominent physician, the other day, "why so many people make light of what is a dangerous disease. Grip. Scores of people whom I know seem to regard this deadly malady as a joke or call it fashionable."

"Possibly there is no disease that is as far reaching in its effects as this same 'fashionable' Grip. Fashionable indeed! When I stop to think of the appalling results of Grip that have come under my observation, it makes me shudder. Would you consider it fashionable to have a weak heart, affected lungs or impaired eyesight? Would it be a joke to spend the remainder of your days in an insane asylum? These are not mere fancies; they are pictures drawn from life showing the awful results from Grip. Of course all persons suffering from an attack of Grip are not left with these afflictions, but I have yet to discover a person who has had this disease who has not been left with some portion of his system weakened. It is this weak spot that is susceptible to every unhealthy influence that comes along. The best way to prevent Grip is to keep the system in such good condition that it will throw off any tendencies toward this prevalent disease."

The best way to fortify your system against Grip is to take Mages's (Malt) Emulsion. It gives you the strength and vitality necessary to stand severe weather, and can always be depended upon. It is a nutrient of the highest value, and after a period of low vitality it puts hope into the patient and makes life worth living. It replaces the wasted tissues and holds all gains.

Mages's (Malt) Emulsion is a pure cod liver oil, combined with syrupy Diastase, non-alcoholic Malt, and Hypophosphites of Lime and Soda. Cod Liver Oil has long been recognized by the medical profession as the best remedy for Bronchial and Pulmonary affections and in Mages's you get the pure article in combination with the Malt and Hypophosphites. Diastase Malt Extract, such as is used in Mages's (Malt) Emulsion, is non-alcoholic and is regarded by physicians as the highest form of food.

You thus get a medicine and a tonic combined. Mages's (Malt) Emulsion is the greatest flesh builder and invigorator known. It strengthens the weak and imparts vitality to the most delicate invalid. Don't delay—it's dangerous; start taking it today.

Beware of the wine preparations. They are only artificial stimulants and the reaction which follows their use leaves you in a worse condition than before. There is only one Mages's (Malt) Emulsion, and it contains no whiskey—no wine—just food.

It may be procured of E. A. Brown, Druggist, 48 North Main street, Barre.

That Jordan and Alexander had made good the rest, the financial embarrassment of the last named preventing his paying more.

## DEPEW SILENT.

Says He Is Keeping Quiet Until He Goes on the Stand.

New York, Nov. 16.—Senator Chauncey M. Depew was asked as he was leaving his home for business yesterday morning what he thought of the testimony delivered by James Hazen Hyde at the insurance inquiry Tuesday.

"I haven't got anything to say just now," said the senator.

"How about the particular part of Mr. Hyde's testimony in which he said that you 'worked in a general way' to get him the ambassadorship of France?"

"Oh, that will all come out in the testimony."

"You expect to testify?"

"Yes, indeed. And until then I am keeping silent."

## INSURANCE PROBE HITS JAPAN.

Business There Seriously Affected by New York Agitation.

Victoria, B. C., Nov. 16.—A report received by the Canadian Government from Alex. McLean, Canadian commissioner at Yokohama, says the recent agitation of life insurance matters in New York has seriously affected the Japanese business of both American and Canadian companies.

## SHAW STAND-PATTER ON MONEY, WITH OPEN MIND

Doesn't Consider the Financial Condition as Yet Warrants Action, But He Says It May Later.

New York, Nov. 16.—Secretary of the Treasury Leslie M. Shaw announced yesterday that he might attempt to learn whether the business houses of New York reflect the condition of the stock market.

"The fact that I have not decided to increase deposits," said Mr. Shaw, "is proven by the fact that I have not announced an intention to do so. I have never said I would not, and I have never said I would. I am simply in the present sense a stand-patter with an open mind. No banker has asked it and no banker of any prominence recommended it. Advice from speculators is about equally divided.

## PRESIDENT FOR FREE HIDES

Assures Governor Douglas and Delegation

## OF HIS SYMPATHY.

President Makes an Attack on Whitney—Says Letter "Deliberately Misrepresented" Him in Campaign.

Washington, Nov. 16.—President Roosevelt received a delegation of hide, leather, and boot and shoe men of New England and various parts of the west yesterday.

The delegation, headed by Governor Douglas of Massachusetts urged free hides.

The President addressed the delegation assuring its members he was in entire sympathy with them.

The delegation, cheered the President, and the members left the White House offices convinced that he was in accord with them.

Although the President made it clear he welcomed such movements, and hoped to see the agitation kept up, he alluded to the necessity of bringing pressure to bear on congress.

It does not appear that the President will be led by what passed to lay any emphasis on tariff revision in his message. If the duty is removed from hides the sole leather men indicated that they were willing to take a reduction from 20 cent to 10, while the shoe manufacturers are willing to accept a reasonable reduction of duty on boots and shoes.

In his remarks the President created a stir by charging Henry M. Whitney, recent candidate for lieutenant-governor of Massachusetts, with misrepresenting him in attempting to give the substance of a conversation on tariff matters about a year ago.

## THE NEW YORK RECOUNT.

Justice Amend Issues Writ for Tally Sheets in New York County.

New York, Nov. 16.—Counsel for Hearst won a victory in Queens county when Charles F. Murphy's lawyers abandoned their efforts to prevent the production of the original tally sheets of last week's vote after a writ of mandamus was served upon County Clerk David L. Vannostend.

The writ issued by Justice Dickey ordered the county clerk to turn the original tally sheets over to the board of canvassers, or to show cause why they should not be produced.

It was exactly similar to the writ served on County Clerk Hamilton in New York county, where Murphy's lawyers, led by Corporation Counsel Delaney, fought against producing the tally sheets when the return was made at noon yesterday before Justice Amend.

Austen G. Fox and a notable array of lawyers appeared before Justice Amend in behalf of William Randolph Hearst in the Municipal Ownership League, when the order in New York county was returned. Tammany also was strongly represented by Murphy's lawyers. After listening to the arguments, Justice Amend immediately granted the application.

"These tally sheets can be produced by the temporary custodian, the county clerk, before the Board of Canvassers, and certainly anyone has a right to look at them. The tally sheets can be photographed, and in this way it can be shown afterward if they are in any way different from the supposed duplicates," said Justice Amend.

## MAYOR'S AUTO STALLED.

Jersey Farmer Drives Mr. and Mrs. McClellan to Trolley.

New Brunswick, N. J., Nov. 16.—Mayor McClellan of New York and Mrs. McClellan took a train for Princeton yesterday after having been forced to spend the night here because their automobile broke down. The automobile met with some mishap near Berdine's corner, about 9 o'clock in the evening. Mr. McClellan and his chauffeur could not make the machine go, and he finally hired a farmer to drive Mr. McClellan and himself to the line of the Trenton and New Brunswick Railway, where they caught a trolley car to this city. They arrived about 10 p. m.

They registered at the Mansion House and retired without telephoning news of the break to New York.

Mayor McClellan has frequently been seen on his way to Princeton within the last few months. It is reported that he has been having conferences with Grover Cleveland.

**450 Terriers on View.**

Boston, Nov. 16.—Four hundred and fifty entries, the most on record for any one breed of dogs at any show, marked the opening of the annual four day exhibition of the Boston Terrier Club. Ten of the fifteen Boston terrier champions of the country were on exhibition, among them Selwyn Beauty, Cursman and Lady Dainty, all owned by Byron W. Robertson of New York.

## "Please Smile AND Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasant. And yet the woman 'racked with pain' is expected to smile through her agony and to make home happy. She can't do it. It is against nature. Generators speaking, the racked pains of ill-health such as headache, backache and 'bearing-down pains' are related to derangement or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicine, especially your 'Favorite Prescription,'" writes Mr. J. Wesley Rhine, of Woodbury, N. Jersey, 11 Box 52. "My wife has been using it for some time past, having suffered severely with bearing-down pains, aching in back, and many other complaints peculiar to women. She was very weak, could not do any heavy work or washing but can do all kinds of work now. She is soon to become a mother. We do not fear the result as heretofore, all due to your wonder-worker, 'Favorite Prescription.'"

Your "Pleasant Faces" are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept.

Given away. The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. The book contains 1000 pages, over 100 illustrations and several colored plates. Send 21 cent stamps for the paper-bound book, or 31 stamps for the cloth-bound. Address: Dr. R. V. Pierce, Buffalo, N. Y.

## WIDOWS AND DESERTED WIVES MORE NUMEROUS

Among Those Who Sought Relief Last Year from a Chicago Charitable Organization.

Chicago, Ill., Nov. 16.—A remarkable increase in the number of widows and deserted wives applying for assistance to the Chicago Relief and Aid Society during the last year over preceding years, is noted in the annual report of the society. The report states:

"More than one-fourth of the cases that come to the society are widows with little children. There is illness in the family in nearly every case. In the direct relief of the poor, the society spent \$26,400. A new feature of the work was the fresh air station for sick babies, conducted in conjunction with the Visiting Nurses' Association. Next summer the society hopes to establish many more such stations in the small parks or in the open spaces in the congested parts of the city.

## MAY INCLUDE ALL.

Church Conference Hopes to Accept Unitarians Later.

New York, Nov. 16.—Twenty-six denominations, representing in the aggregate fully 17,000,000 of the church-going people in America, will be represented by delegations at the first interchurch conference on federation, which opened with a big meeting last night in Carnegie Music Hall. Mayor McClellan delivered the address of welcome.

Although there are only 26 out of 113 Protestant denominations represented in the conference, it can be said on reliable authority that the conference as a body is not unlikely to invite every denomination in Christendom to ally itself to the new movement. There still continues to be much gossip about the barring of such bodies as the Unitarians from the conference. A leading member of the committee, when asked for an opinion on this topic, said:

"The Unitarian body misunderstands the matter entirely. Later on, as the idea of federation grows, we have no doubt that it will extend to take in our Unitarian brothers."

This matter may be considered at length during the series of meetings which will continue one week. The promoters of the conference hope to achieve a permanent organization which will do away with much of the waste of Christian effort which they believe is due to the present competition between churches.

## DAMAGED CRAFT.

Schooner Oakes Ames Sighted With Her Headgear Gone.

Portland, Me., Nov. 16.—The Portland schooner Oakes Ames was reported passing through Lubec Narrows just before noon yesterday with her jib-boom and head gear missing. Apparently she had been in a collision, and as it was a schooner of the Oakes Ames description which ran into the schooner William Mason off Highland light last week it is thought she may have been damaged in that accident.

## ONE STEAMER IS SUNK.

Norwegian and British Craft Collide at Philadelphia.

Philadelphia, Pa., Nov. 16.—The Norwegian steamship Ernford, from Pileys island for Philadelphia, was sunk yesterday at the mouth of the Schuylkill river, in a collision with the British steamship Carthagenian, which was bound from Philadelphia for St. John's and Glasgow. The crew of the Ernford was saved.

**\$100—REWARD—\$100.**

The readers of this paper will be pleased to learn that there is at least one decided disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only cure now known to medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. It is not a local ailment, and is not cured by building up the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the system strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, Etc. Take Hall's Family Pills for constipation.

## GOV. FOLK'S WAY.

Puzzles Missouri Old-Timers, But They Like His Style.

Gov. Folk's frequent visits to St. Louis, and those who meet him at the hotel, when compared with similar receptions held by other governors, furnish an excellent field of speculation for those who study official character. The
